1. Our Distinctive Character, Priorities and Aims

The following principles underline everything we do;

- A respect for all pupils and their parents.
- A full commitment to professionalism.
- A well-ordered and caring school community.

The school aims to;

Help pupils to achieve their full academic potential while offering all pupils equality of opportunity in learning, regardless of gender or special educational needs, while preventing racial discrimination and prejudice.

Help pupils to acquire knowledge and skills relevant to adult life, employment and leisure in a fast changing world,

Help pupils to be literate and numerate.

Help pupils to develop lively, enquiring minds with the ability to question and argue rationally while applying themselves to tasks and physical skills.

Prepare pupils for future economic roles as producers, consumers and citizens.

Help pupils contribute to an industrialised and highly technological society, allowing them to understand enterprise, wealth creation and entrepreneurial skills.

Encourage the principles of common sense and courtesy and to develop a respect for other people and their property.

Help pupils develop sensitivity, empathy, tolerance, self-control, sympathy and an understanding of others while helping pupils understand and respect the world in which they live and the interdependence of individuals, groups of people and nations.

Increase pupils' awareness of the wide variety of religious and cultural experiences, beliefs and practices to be found in the world so that they may develop an awareness and understanding of their own beliefs and respect the rights and values of others.

Help pupils to understand the effect of human activities on the environment.

Create a happy and stable environment in which learning can take place.

Help pupils to develop an interest in their own good health and acquire the skills to make positive choices and decisions throughout their lives.

Help and encourage all concerned to maintain the school's reputation.

1.1 Trust Values

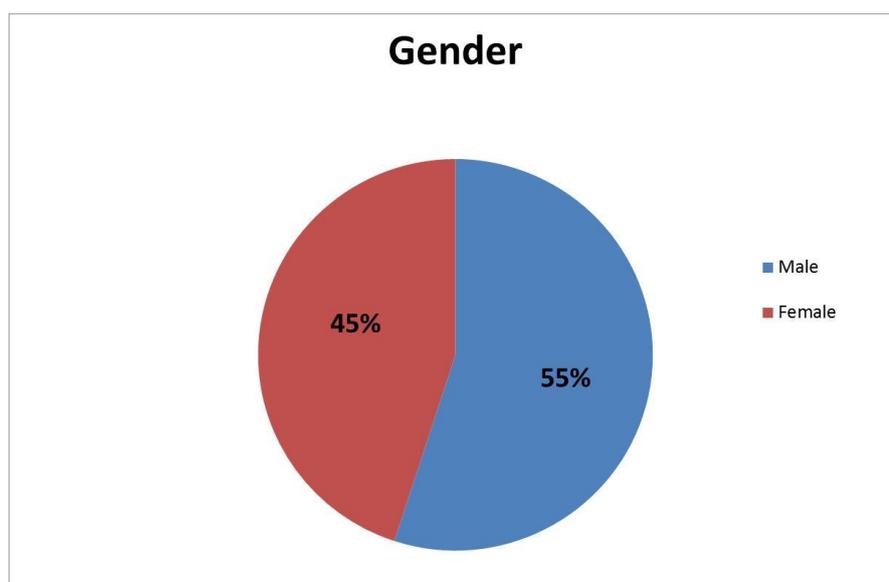

All schools within the Dean Trust are committed to ensuring equality of education and opportunity for all pupils, staff, parents and carers receiving services from the school, irrespective of disability, race, gender, age, sexual orientation, religion or belief, gender reassignment, pregnancy & maternity, marriage and civil partnership. The Dean Trust aims to develop a culture of inclusion and diversity in which all those connected to the Trust feel proud of their identity and able to participate fully in school life.

The achievement of pupils will be monitored and data used to support pupils, raise standards and ensure inclusive teaching. We will tackle discrimination by the positive promotion of equality, challenging bullying and stereotypes and creating an environment which champions respect for all. At the Dean Trust, we believe that diversity is a strength, which should be respected and celebrated by all those who learn, teach and visit here.

1.2 Characteristics of Ashton on Mersey School

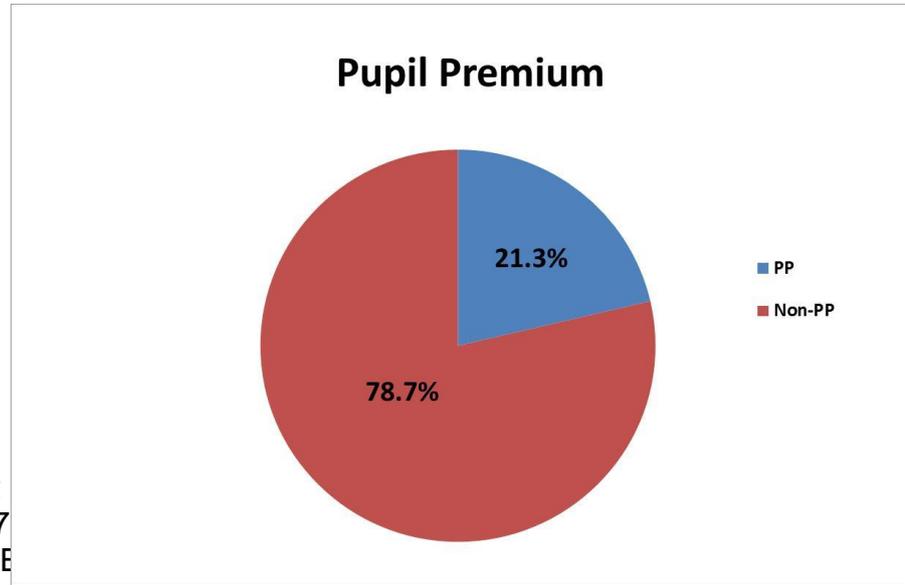

Ashton on Mersey School is part of the West Trafford Learning Partnership and is a lead school in 'The Dean Trust', its Multi Academy Sponsor. Currently there are 1438 pupils aged 11 – 18 on roll. Although the immediate vicinity of the school is a relatively affluent area, there are areas of deprivation within the catchment area (8.9% free school meals (129 pupils) and 21.3% Pupil Premium). The school lies within the borough of Trafford, a selective authority, which means that the intake is not a true cross section of abilities, as the top 30% of children locally are selected for grammar school education. The school takes more children with SEN than any other school in the borough and has more than twice the number of Statements/EHCPs than the average for the Authority; 19% of the Schools current pupils have special needs; 91 pupils with statements/EHCPs of special needs with a further 182 on SEN School support. There are 29 pupils who are 'looked after' by someone other than their natural parents.

1.3 Mainstreaming equality into policy and practice

As well as the specific actions set out beneath this plan, the school operates equality of opportunity in its day to day practice in the following ways.

The school will aim to provide all our pupils with the opportunity to succeed, and to reach the highest level of personal achievement. To do this, the school will:

- use contextual data to improve the ways in which we provide support to individuals and groups of pupils;
- monitor achievement data according to the various protected characteristics and action any gaps;
- take account of the achievement of all pupils when planning for future learning and setting challenging targets;
- ensure equality of access for all pupils and prepare them for life in a diverse society;
- use materials that reflect the diversity of the school, population and local community in terms of the various protected characteristics, without stereotyping;
- promote attitudes and values that will challenge racist and other discriminatory behaviour or prejudice;
- provide opportunities for pupils to appreciate their own culture and celebrate the diversity of other cultures;
- seek to involve all parents in supporting their child's education;

- encouraging classroom and staffroom discussion of equality issues which reflect on social stereotypes, expectations and the impact on learning;
- including teaching and classroom-based approaches appropriate for the whole school population, which are inclusive and reflective of our pupils

1.4 Setting our equality objectives

The purpose of the schools Strategic Equality Plan (SEP) is to fulfil the duties to promote equality for people with 'protected characteristics', and embed fairness and equality at the heart of the school community and in all aspects of the school plans and policies as defined within the Equality Act 2010.

In setting the equality objectives for the school, due regard is taken in respect of the Equality Act general duty to;

1. Eliminate discrimination, harassment, victimisation and any other conduct that is prohibited under the Act;
2. Advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it by;
 - a. removing or minimising disadvantages suffered by persons who share a relevant protected characteristic that are connected to that characteristic,
 - b. taking steps to meet the needs of persons who share a relevant protected characteristic that are different from the needs of persons who do not share it,
 - c. encouraging persons who share a relevant protected characteristic to participate in public life or in any other activity in which participation by such persons is disproportionately low.
3. Foster good relations between persons who share a relevant protected characteristic and persons who do not share it

The schools SEP and Equality Objectives are set in the light of the regional equality objectives identified in Appendix 1. Taking into account the views expressed by stakeholders that have been involved in the development of the scheme while addressing any issues arising as a result of our analysis of our pupil data, e.g. Gaps in attainment and progress for the following cohorts;

- Male and Female pupils,
- SEND pupils,
- Children in care (LAC's),
- Pupil Premium.

The delivery of our SEP will contribute to all of our actions and commitments to:

- raise standards;
- narrow the attainment gap in outcomes for children and young people;
- improve outcomes as described within the Children and Young People Plan (CYPP);
- promote community cohesion

Our School Equality Objectives are set out in Section 5 (p.12) and Appendix 2.

2. Responsibilities

2.1 Governing Body

The Trust board and School governing bodies have set out its commitment to equality and diversity in this plan and it will continue to do all it can to ensure that the school is fully inclusive to pupils and staff, and responsive to their needs based on the various protected characteristics. The governing body:

- seeks to ensure that people are not discriminated against when applying for jobs at our school;
- takes all reasonable steps to ensure that the school environment gives access to people with disabilities, and also strive to make communications as inclusive as possible for parents, carers and pupils;
- ensures that no child or staff member is discriminated against whilst in our school

In order to meet its reporting responsibility, the governing body will assess the progress of the SEP annually, as part of its Annual Reporting activity

2.2 Senior Leadership Team (SLT)

The SLT promotes equality and eliminates discrimination by:

- implementing the school's SEP, supported by the governing body in doing so;
- ensuring that all staff are aware of their responsibilities under the Act and are fully informed of our school's SEP and equality objectives,
- ensuring that all appointments' panels give due regard to this plan, so that no one is discriminated against when it comes to employment or training opportunities;
- promoting the principle of equal opportunity when developing the curriculum, and promoting respect for other people and equal opportunities to participate in all aspects of school life;
- treating all incidents of unfair treatment and any incidents of bullying or discrimination, including racist incidents, according to the Trust's and school's policies, ensuring that all staff are aware of their role in equality.

2.3 Staff – teaching and non-teaching

The school regards equality for all as a responsibility for all. All members of staff contribute to ensuring that our school is a fair, just and cohesive community by:

- ensuring that all pupils are treated fairly, equally and with respect, and will maintain awareness of the school's SEP;
- striving to provide material that gives positive images based on the protected characteristics and challenges stereotypical images;
- challenging any incidents of prejudice, racism or homophobia, and record any serious incidents as prescribed in the school's policies, e.g. reporting of racial incidents;
- supporting the work of ancillary or support staff and encourage them to intervene in a positive way against any discriminatory incidents.

3. Information gathering and Engagement

3.1 Purpose and process

The collection of information is crucial to supporting the school in deciding what actions needs to be taken in order to improve equality and eliminate discrimination within the school community. The information also subsequently helps the school to review its own performance, therefore, it needs to be detailed enough to measure how well the school is delivering on its equality duties. The information also helps create impact assessment and evaluate the school's aims; identifying those that have been achieved and those that require additional work.

Engagement is based on the information gained about representation of different groups. The school aims to do this as fully as possible while recognising issues of sensitivity in relation to the different protected characteristics. The school takes particular steps to ensure disabled children and young people, parents and carers are involved as is their entitlement. The reason that this progress is important is to understand the full range of needs of the school community.

3.2 Types of information gathered

The wide range of information gathered to support our planning and action to promote equality and eliminate discrimination includes, but is not limited to the following:

- an analysis of the responses received from pupils, parents/carers, staff in questionnaires. Through discussion with lead members of the WTLP who will ensure accountability with the Headteacher.
- identification of children and young people, parents, carers, staff and other users of the school representing the different protected characteristics, if possible and appropriate. This helps us develop and monitor the scheme. Comprehensive and sensitive efforts are made to collect accurate information and meet data protection requirements, in addition to our duty to secure accurate information relating to ethnicity and first language;
- pupil attainment and progress data relating to different groups;
- children and young people's views actively sought and incorporated in a way that values their contribution;
- information about how different groups access the whole curriculum and how they make choices between subject options;
- sports and activities choices of all groups;
- uptake of enrichment activities by group;
- exclusions data analysed by group;
- records of bullying and harassment on the grounds of any equality issue;
- data on the recruitment, development and retention of employees;
- outcomes of activities promoting community engagement and community cohesion;
- outcomes of actions taken to secure the involvement of parents and others who have been identified as difficult to engage;

3.3 Engagement

The school involves stakeholders including children and young people, staff, parents/carers, governors and other users of the school in relation to all equalities duties.

We take into account the preferred means of communication for those with whom we are consulting e.g. translated materials or interpretation facilities for disabled people or those for whom English is an additional language or are newly arrived in this country.

The views of stakeholders and other equalities related groups are genuinely taken into account when we set priorities. These include, but are not limited to the following:

- The schools links to the Trust Board and Governing Body,
- Links with University providers via our Initial Teacher Training work,
- Links with our SCITT partnership schools,
- Annual Parental and Pupil Questionnaires,
- Involvement with Community based activities
- My Independence Group (Adults with Learning Difficulties from our local community) work with our 6th Form Students in a school environment on a regular basis,
- Work with our local Primary schools e.g. Primary Sports Presentation evening and the use of our school field for annual Sports Days.
- Spanish Exchange experiences,
- Representation at SEND forums within the local community,
- Links with local churches and annual Christmas Services for all our pupils.

4. Equality Impact Assessment

Impact assessment refers to the review of all current and proposed plans and policies in order to help the school promote equality and ensure that no person is disadvantaged by school activities through discrimination. Impact assessments are an on-going process to ensure that the school's plans and policies are developed in an increasingly inclusive and equitable way.

As part of the school's compliance of the specific duties of the Act, it will continue to undertake impact assessment of all new policies and plans prior to them being implemented. Similarly, the school will impact assess our existing policies and plans whenever they are reviewed. As such, impact assessments are incorporated into the school's planned review and revision of every policy.

Where impact assessments have been done, they will influence changes to policy and the review of the SEP itself.

5. Objectives and Action Plans

The schools chosen equality objectives are:

1. Ensure the School's commitment to equality is evident in its strategic development planning, promotion and self-review process.
2. To reduce the gaps in attainment across all key stages (between each individual grouping and non-vulnerable pupils).
3. Ensure enhanced awareness of equality and diversity issues amongst pupils, staff and governors and where observed, that barriers to participation are removed to enable all staff and learners to play a full part in the life of the school.

The school has relevant action plans covering all relevant protected characteristics, as detailed in Appendix 2. These describe how the school is taking action to fulfil both the general and specific duties.

Our action plans are cross-referenced with the School Improvement Plan, which ensures that they are checked, monitored and evaluated systematically.

The action plans show:

- objectives and specific actions;
- expected impact and indicators of achievement (success criteria);
- clear timescales;
- who has lead responsibility;
- resource implications;
- specified dates for impact assessment and review.

The school evaluates the effectiveness of the SEP on a regular basis (at least annually), through the governing body and when the school is inspected.

6. Publication and reporting

The school provides a copy of its SEP and its action plan to meet its equality objectives in a range of formats and actively makes it available to parents/carers and others, including those identified as difficult to engage.

The school reports annually on the progress made on the action plans and the impact of the SEP itself on school ethos and practice within the school. This is undertaken as part of the Governors' Annual dSEF Reports.

All data collected will be used solely for the purpose of analyzing trends by protected characteristic in performance, take-up and satisfaction with services offered by the school or local authority. Such information will be stored separately from personal information which identifies the individual. In order to protect the identities of individuals when trend information is published no counts containing less than 5 individuals will be published.

7. Monitor and Review

As part of our responsibility to monitor the SEP, we commit to:

- revisiting and analysing the information and data used to identify priorities for the SEP and action plans. This incorporates use of the overview of outcomes;
- using the impact assessments to ensure that actions taken have a positive impact across all protected characteristics, that the promotion of equality is at the heart of school planning and that discrimination is being eliminated effectively.

The review of the SEP informs its revision, the setting of new priorities and action plans. This process continues to:

- involve the participation of a full range of stakeholders;
- be evidenced based - using information and data that the school has gathered and analysed;
- use the evidence to do accurate impact assessments which inform priorities.

We will undertake a full review of our SEP by September 2020.

Regional Equality Objectives

North West

1. Reduce Gaps in attainment between Boys and Girls and between other protected groups as identified in local data

National research indicates inequalities in the levels of attainment between genders, ethnicities and between disabled people and non-disabled people. Boys, black, Bangladeshi and Pakistani pupils and disabled children all perform poorly on average compared to other groups.

2. Implement Government Bullying Guidance and reduce Identity based bullying in schools

Examples include 22% of year 6 pupils had been 'bullied in a homophobic way'; 7% of year 7 pupils had been 'bullied in some way due to learning difficulties' and 3% of year 10 pupils had been 'bullied in some way due to race or ethnic origin'.

3. Reduce gaps in levels of attendance between different protected groups as identified in local data

Work is currently underway to improve data analysis which can identify differences in attendance trends between groups of pupils with different protected characteristics. Several reports have been commissioned nationally which examine attendance of Gypsy Traveller and Irish Traveller children. Each found that attendance was lower among these children.

4. Reduce the number of NEETs

The North West has a higher proportion of people who were not in education, employment or training (NEET) among the 16-24 year old group within England. Being NEET is a major disadvantage to young people.

5. Improve access to information and physical access to schools and other learning settings for pupils, parents and staff.

Head teachers and Governors need to be confident that all pupils can reasonably access services and are not unjustifiably disadvantaged by having any of the protected characteristics. Schools already have Disability Access Plans in place. However, schools and local authorities through the public sector equality duties need, to cater for the needs of all protected groups so the scope is wider than Disability Access Plans.

6. Raise awareness of equality and diversity issues among Pupils, Staff and Governors.

None statutory guidance on the Public Sector Equality Duties states that all Schools must make appropriate arrangements to promote knowledge and understanding of the general and specific duties amongst its employees.' In the school context we wish to extend this to include pupils and Governors. An example of this is the may be the Channel – Safeguarding Vulnerable People from Being Drawn into Terrorism for staff.

Equality Objective 1.

Ensure the School's commitment to equality is evident in its strategic development planning, promotion and self-review process.

Our Research:

*Although the School's commitment to equality is evident, it is not always visible. By identifying and exemplifying in our work the focus we have on equality and diversity will establish a higher profile for equality issues across all school functions.
Increased opportunities for pupils to engage in 'equality and diversity' learning needs to be signposted.*

Information from Engagement:

*Headteacher and SLT will ensure that all documentation that is used for promotion, self-review or publication addresses generic equality and diversity issues.
Governing body will be able to ratify this through the Headteacher reports (SEFs) published in each academic year.*

Data Development:

*School Prospectus
Staff Handbook
Headteacher reports to GB
School magazine and other promotional materials used annually*

This objective will be judged to be successful if...

Equality and diversity issues are signposted in the wider curriculum in school, more clearly evidenced in school publications and staff, pupils, parents and governors are more familiar with our equality stance.

Ensure enhanced awareness of equality and diversity issues amongst pupils, staff and governors and that barriers to participation are removed to enable all staff and learners to play a full part in the life of the school.

Our Research:

Equality and diversity are key goals that need greater emphasis in the AoM curriculum. Equality and diversity needs to be signposted as an integral part of Citizenship (British Values), pastoral activities and the SMSC curriculum.
Some pupils find challenge in physically accessing areas of the school site, which needs to be improved.
